Houshic Balasubramanian

Email: houshicb19@gmail.com| **Contact: +91 8056733377** | **Address:** Coimbatore, Tamil Nadu

SUMMARY

Junior Cybersecurity Analyst with hands-on experience in SOC operations, SIEM monitoring, vulnerability assessment, and incident triage. Skilled in analysing alerts from Splunk SIEM, Nessus, EDR logs, and network traffic to identify security threats and reduce false positives. Strong foundation in OWASP Top 10, MITRE ATT&CK, log analysis, and incident documentation, backed by real-world internships, security labs, and CTF environments. Actively seeking SOC Analyst L1 / Cybersecurity Analyst roles.

SKILLS& SOFTWARE

- **Security Operations & Blue Team:** SIEM monitoring, alert triage, incident investigation & escalation, log analysis, threat correlation, false-positive reduction, MITRE ATT&CK mapping
- **Networking & Systems:** TCP/IP, DNS, HTTP/S, Linux & Windows security basics, endpoint and network traffic analysis
- **SIEM**: Splunk | **Vulnerability Assessment**: Nessus, Nmap | **Web Security**: Burp Suite | **Network Analysis**: Wireshark | **Cloud**: Microsoft Azure | **OS & Scripting**: Linux, Windows, Python, Bash | **Dev & Databases**: GitHub, MS SQL Server

PORTFOLIO

TryHackMe https://tryhackme.com/p/houshicb19

LinkedIn https://www.linkedin.com/in/houshic-fsd1901

GitHub https://github.com/Houshic19

Currently preparing for EC Council's CEH Certification

EDUCATION

- **Bachelor's in Engineering** |Sri Ramakrishna Engineering College | 2020 – 2024 | **(CGPA : 7.86)**

WORK EXPERIENCE

Cybersecurity Analyst Intern | HackUp Technology | September 2025 – Present

- Monitored and analyzed security alerts using Splunk SIEM, identifying suspicious logins, malware indicators, and anomalous network behavior.
- Conducted vulnerability assessments using Nessus, analyzing CVSS scores and assisting in remediation prioritization.
- Participated in SOC-style workflows, including alert validation, triage, and false-positive analysis.
- Created structured incident reports and technical documentation aligned with security best practices.

Analyst| Capgemini | September 2024 – December 2024

- Completed structured training in C#, .NET Core, and Microsoft Azure in Capgemini's upskilling program.
- Gained exposure to incident tracking, documentation standards, and enterprise IT processes.
- Strengthened debugging and root-cause analysis skills relevant to security incident investigations

LANGUAGES

Languages: English **(Professional),** Tamil **(Native)** and German **(Beginner)**

PROJECTS

- Implementing a multi-stage anomaly-scoring pipeline using gradient analysis, input reconstruction, and feature-space deviation checks to flag adversarial behavior in real time. **(In-progress)**
- Simulated SOC environments using Splunk SIEM and endpoint logs to detect brute-force attacks, malware activity, and suspicious traffic.
- Correlated alerts with MITRE ATT&CK techniques and documented investigation workflows.
- Built a blockchain-backed AI art-generation platform enabling users to convert images into stylized artwork using neural style transfer. Integrated NFT minting and ownership verification with smart contracts, creating a secure decentralized marketplace for digital art.
- Designed a hybrid Quantum–Classical CNN model using Qiskit to evaluate quantum benefits in facial recognition workflows. Built a real-time traffic monitoring system using YOLO and Flask, enabling high-speed detection of vehicles.

AWARDS AND ACHIEVEMENTS

- Secured Second Runner-Up position at the **BOSCH KIT Hackathon** hosted by **Bosch Global Software Technologies**, competing against top engineering and innovation teams.
- Published an IEEE research paper titled **"Artify — An Artistic NFT Marketplace**" at the **2024 IEEE Students Conference on Engineering and Systems (SCES**), contributing original work at the intersection of AI, blockchain, and digital art..
- **Microsoft Certified: Azure AI Fundamentals**
- **Oracle Cloud Infrastructure 2025 Certified Foundations Associate**
- **Cisco Certified: Junior Cybersecurity Analyst –** ***Cisco Networking Academy***

HOBBIES

- Watching Classic Films, Running, and Hiking

DECLARATION

I, Houshic Balasubramanian, do hereby confirm that the information given above is true to the best of my knowledge.
